Engineering Instructional Aides Teaching Orientation
Tuesday, January 14, 2020
4:15 pm - 8:35 pm

Agenda

Registration
4:15 pm - 4:30 pm
North Campus Research Complex (NCRC)
Building 18

Plenary Session
4:30 pm - 5:00 pm
• Welcome from the College of Engineering
  NCRC
• Overview of the Program
  Research Auditorium

Inclusive Teaching
5:05 pm - 6:00 pm
The deliberate use of inclusive teaching practices enables instructors to create a classroom environment that welcomes all students, values their contributions, and supports their success. In this session, participants will define inclusive teaching, reflect on classroom scenarios that might foster inclusion or exacerbate exclusion, and brainstorm strategies to promote an inclusive learning environment.

Dinner
6:35 pm - 8:00 pm
North Campus Research Complex (NCRC)
Dining Hall

Teaching Engineering: Getting Started
6:35 pm - 8:00 pm
In this interactive session, you will learn strategies to help you teach effectively in engineering courses. Whether you are facilitating discussion sections, leading labs, or guiding students in office hours, this session will address topics common to most teaching roles.

GSIs ONLY
8:05 pm - 8:35 pm
Introduction to Graduate Employee Organization
NCRC
South Atrium
Choose from one of the eight Practice Teaching sessions. Please arrive promptly 10 minutes before the scheduled start of the session at room 211 on the second floor of the Gorguze Family Laboratory. You will then be directed to your Practice Teaching room.

This practice teaching session gives IAs an opportunity to stand in front of a group of students and deliver a five-minute explanation on a topic of their choice. During the lesson, the audience will take notes as if they were students. After five minutes, the audience will complete a feedback form and the IA will have a few minutes to reflect on: (1) What went well? and (2) What could you do differently next time?

Orientation materials will be posted to the following website by January 16, 2019: bit.ly/EIATOW20
